

## **Policy on Responsible Advocacy with Public and Regulatory Bodies**

The Supreme Industries Limited (herein after referred to as “Supreme” or “The Company”) regularly interacts and engaged with Government bodies, regulators, legislative bodies etc. Supreme understand its responsibility to operate within the democratic setup and constitutional framework.

Supreme being one of the leading manufacturers of plastic products in India, shall strive to be a part of chambers and associations.

Supreme make recommendations /representations before Government bodies, regulators, legislative bodies, chambers and associations for the advancement and improvement of plastic business in India. The representatives of the Company, upon invitation, participate and play an active role in associations constituted for the development and representation of plastic industries.

The company shall ensure constancy of its public communications, disclosures with the Code of Conduct and the principles as outlined in the relevant regulatory framework.

The Company shall promote consensus, cooperation, compliance, persuasion and meaningful discussions instead of conflict on policy and regulatory matters.

The company believes that policy advocacy must preserve and expand public good and thus shall never advocate any policy change to benefit itself alone or a select few in a partisan manner.
